

# Oxfordshire Community Transport Directory 2019/20 Regional

---

This directory brings together information about community transport groups and services in Oxfordshire.

The information is brought together from two websites:

[www.communitynetworkdirectory.org.uk/search](http://www.communitynetworkdirectory.org.uk/search) and  
[www.livewell.oxfordshire.gov.uk/](http://www.livewell.oxfordshire.gov.uk/)

## More about community transport

Community transport is run by the community for the community, meeting needs that are not met in other ways. Some groups offer services just for their members, others are open to the public.

Have a look at each group's entry to see what services they offer. Some serve mainly older people, others those in their local communities and others again offer mainly transport to health care.

## Help and advice

You may find that the service you need is not on offer where you are. In this instance, contact the Community Transport Team, Oxfordshire County Council at [communitytransport@oxfordshire.gov.uk](mailto:communitytransport@oxfordshire.gov.uk).

In addition, Community First Oxfordshire offers support and advice for existing and new community transport services and can be contacted by email [info@communityfirstoxon.org](mailto:info@communityfirstoxon.org) or call 01865 883488.
