

Community First Oxfordshire, founded in 1920, is a community development charity supporting community led action across Oxfordshire [www.communityfirstoxon.org](http://www.communityfirstoxon.org)

**Together We Can® workshops** offer opportunities for individuals of all ages, community groups and organisations, to gain knowledge, confidence and skills for engaging in effective community action, neighbourhood and community led planning, to strengthen and sustain community life.

Look out for our **Together We Can workshops for Children and Young People** to help you enable young citizens be better equipped for life-long social action, in their communities.

### Modules include:

- **Stronger Communities** - be the change, resources and processes
- **Active Listening** - community listening skills
- **Better Together** - team building
- **Speak Up** - public speaking communication skills
- **Climate Action Together** - enabling networking & resourcing for new community-led environment groups
- **Creative Campaigning Together** - inspire to inform

Helping communities help themselves

## ALL AGE COMMUNITY ACTION...

### BETTER TOGETHER Effective team building

Interactive team-building games, problem solving, shaping personal qualities for effective team work in community action.

## TWC COMMUNITY WORKSHOPS

### STRONGER COMMUNITIES

#### Be the change-lead the change

Exploring community building and sense of place; what makes stronger, sustainable communities?, who can help?, working together for change.

### ACTIVE LISTENING

#### Community listening skills

Exploring transformative community listening. Interactive and multi-sensory listening exercises to develop active listening skills, a key tool in community action.

### CLIMATE ACTION TOGETHER

#### Rural networking to inspire and resource

Supporting individuals and groups in setting up new community-based environmental action groups: network with existing groups, share vision, ideas and projects, be informed regional and national organisations and initiatives.

### CREATIVE CAMPAIGNING

#### Inspire to inform

Dynamic collaborative projects to creatively communicate ideas and hopes for where we live, and to help others in the community.

### SPEAK UP

#### Public speaking and communication skills

Develop confidence and skills for presenting ideas and campaigns in public. Voicing community concerns with volunteer led groups and local councils.

### IDEAS INTO ACTION

#### Making a difference together

Put ideas into action: community action and planning, resources and approaches to delivering community action projects.

### Mix and Match workshops to your community training needs.
